## CMS ENVIRONMENT

Promoting environmental RESPONSIBILITY

The CMS Environment Team is involved in policy research and programs evaluation aimed at creating sustainable solutions for environment protection and improving the quality of the environment. Creating capacities, undertaking outreach and advocacy and formulating strategies are its strengths.

### PIONEERING INITIATIVES

- **CMS VATAVARAN**  
India's premier biennial competitive and traveling Environment and Wildlife Film Festival was initiated in 2002 towards raising awareness about environment issues. Since then, the festival has grown in size, stature, reach, association and patronage. CMS VATAVARAN Travels goes to metros, state capitals and smaller cities alternate years.
- **CMS ENVIS Centre**  
This is the only environment information resource center of its kind in the country, supported by the Ministry of Environment and Forests, Government of India.

### KEY AREAS

- Urban and Rural Environment
- Climate Change
- Water Sector Reforms: Water Supply and Sanitation
- Natural Resource Management: Watershed, Forestry & Livelihoods
- Wildlife Conservation
- Environmental Education and Awareness
